## Services

Advanced analytics and business intelligence.

## Scope of Work

Prior to launching her business, Jordan worked in many highly analytic roles among a variety of industries. Some examples of her work include:

- Helping launch a cost saving analyzation initiative with Petco vendors that generated over \$4M in annual savings
- Analyzing, verifying and updating accounts for San Diego Gas & Electric to ensure quality data and summary analysis information
- Managing an RFP and cost analysis project for Sharp Healthcare that resulted in \$2.3 million in savings

## Profile

In today's data-driven world, having a deep understanding of your data is a critical piece of growing your business. Whether you need a cleanup or a more complex analyzation, our experienced consultants have what it takes to read, analyze, and interpret any story your data tells.

## Core Values

Our Core Values guide and unify our actions and behaviors.

Day-to-day operations and decision making are centered around our values as a company.

- Provide solutions where quality and efficiency intersect
- Be transparent - put everything on the table
- Promote collaboration to accelerate growth
